

Boat Landing Security

Over 20 boat landings and park along the McKenzie River have received an increased security presence. Security patrols now occur on a frequent and random basis from June 1st through mid-September. Funding for the increased security presence was made possible through a partnership between Lane County Parks and the McKenzie Watershed Council along with donations received from McKenzie River Guides Association, City of Eugene Outdoor Program, Oregon Park and Recreation, Willamalane Parks and Recreation District, McKenzie Flyfishers, Eugene Water and Electric Board, Weyerhaeuser Company and several other donors. The McKenzie Boating landing security team works with the Lane County Sheriff's office to provide a more comprehensive presence at the landings and parks. Please contact Lane County Parks if you would like more information at 682-2000.
